CGPA :- 9.0	

Technologies

Languages: C++, HTML, CSS, JavaScript, React.js.

Databases: MySQL, SQL Server, MongoDB.

Core concepts: OOPS, DBMS.

Projects

MyShop – Full-Stack E-commerce Website

- Tech Stack: MongoDB, Express.js, React.js, Node.js, JWT, bcrypt, HTML, CSS, JavaScript.
- Designed and developed a full-featured e-commerce web application ("MyShop") from scratch using the MERN stack, delivering seamless user experiences and responsive UI.
- Implemented user authentication and authorization using JWT tokens, ensuring secure access to user-specific features. Using bcrypt for secure password hashing during login processes to enhance authentication robustness.
- Built RESTful APIs to handle product listings, user operations, and order management, facilitating efficient client-server communication.
- Utilized MongoDB for scalable and flexible data storage, and React.js for building interactive UI components.

Work Experience

Swadeep Holidays Pvt Ltd (Intern)	[12/2024 - 06/2025]
-----------------------------------	---------------------

- **Technologies :-** HTML, CSS, JavaScript, Ajax, C#, ASP.NET MVC Core, SQL Server.
- **Responsibilities :-** The company is a leading platform for flight bookings. I contributed to improving and standardizing UI components across 3+ client-facing portals, reducing user-reported bugs by 40% and ensuring a seamless user experience.
- Utilized MVC Core to manage data efficiently via APIs, optimizing performance and streamlining data flow.
- Troubleshoot and maintained CRM systems integrated with company websites, enhancing functionality and user efficiency.
- Collaborated with cross-functional teams to modernize booking platforms with robust UI/UX and backend integration.

Certifications

- Web Development Intern - Industrial Training Program at INTRAINZ
- The Complete SQL Bootcamp: Go from Zero to Hero
